

YOUR ALTIUS CVC RANGE

REDUCE
PATIENT **RISKS**
WITH ALTIUS

WHY CHOOSE ALTIUS™ ?

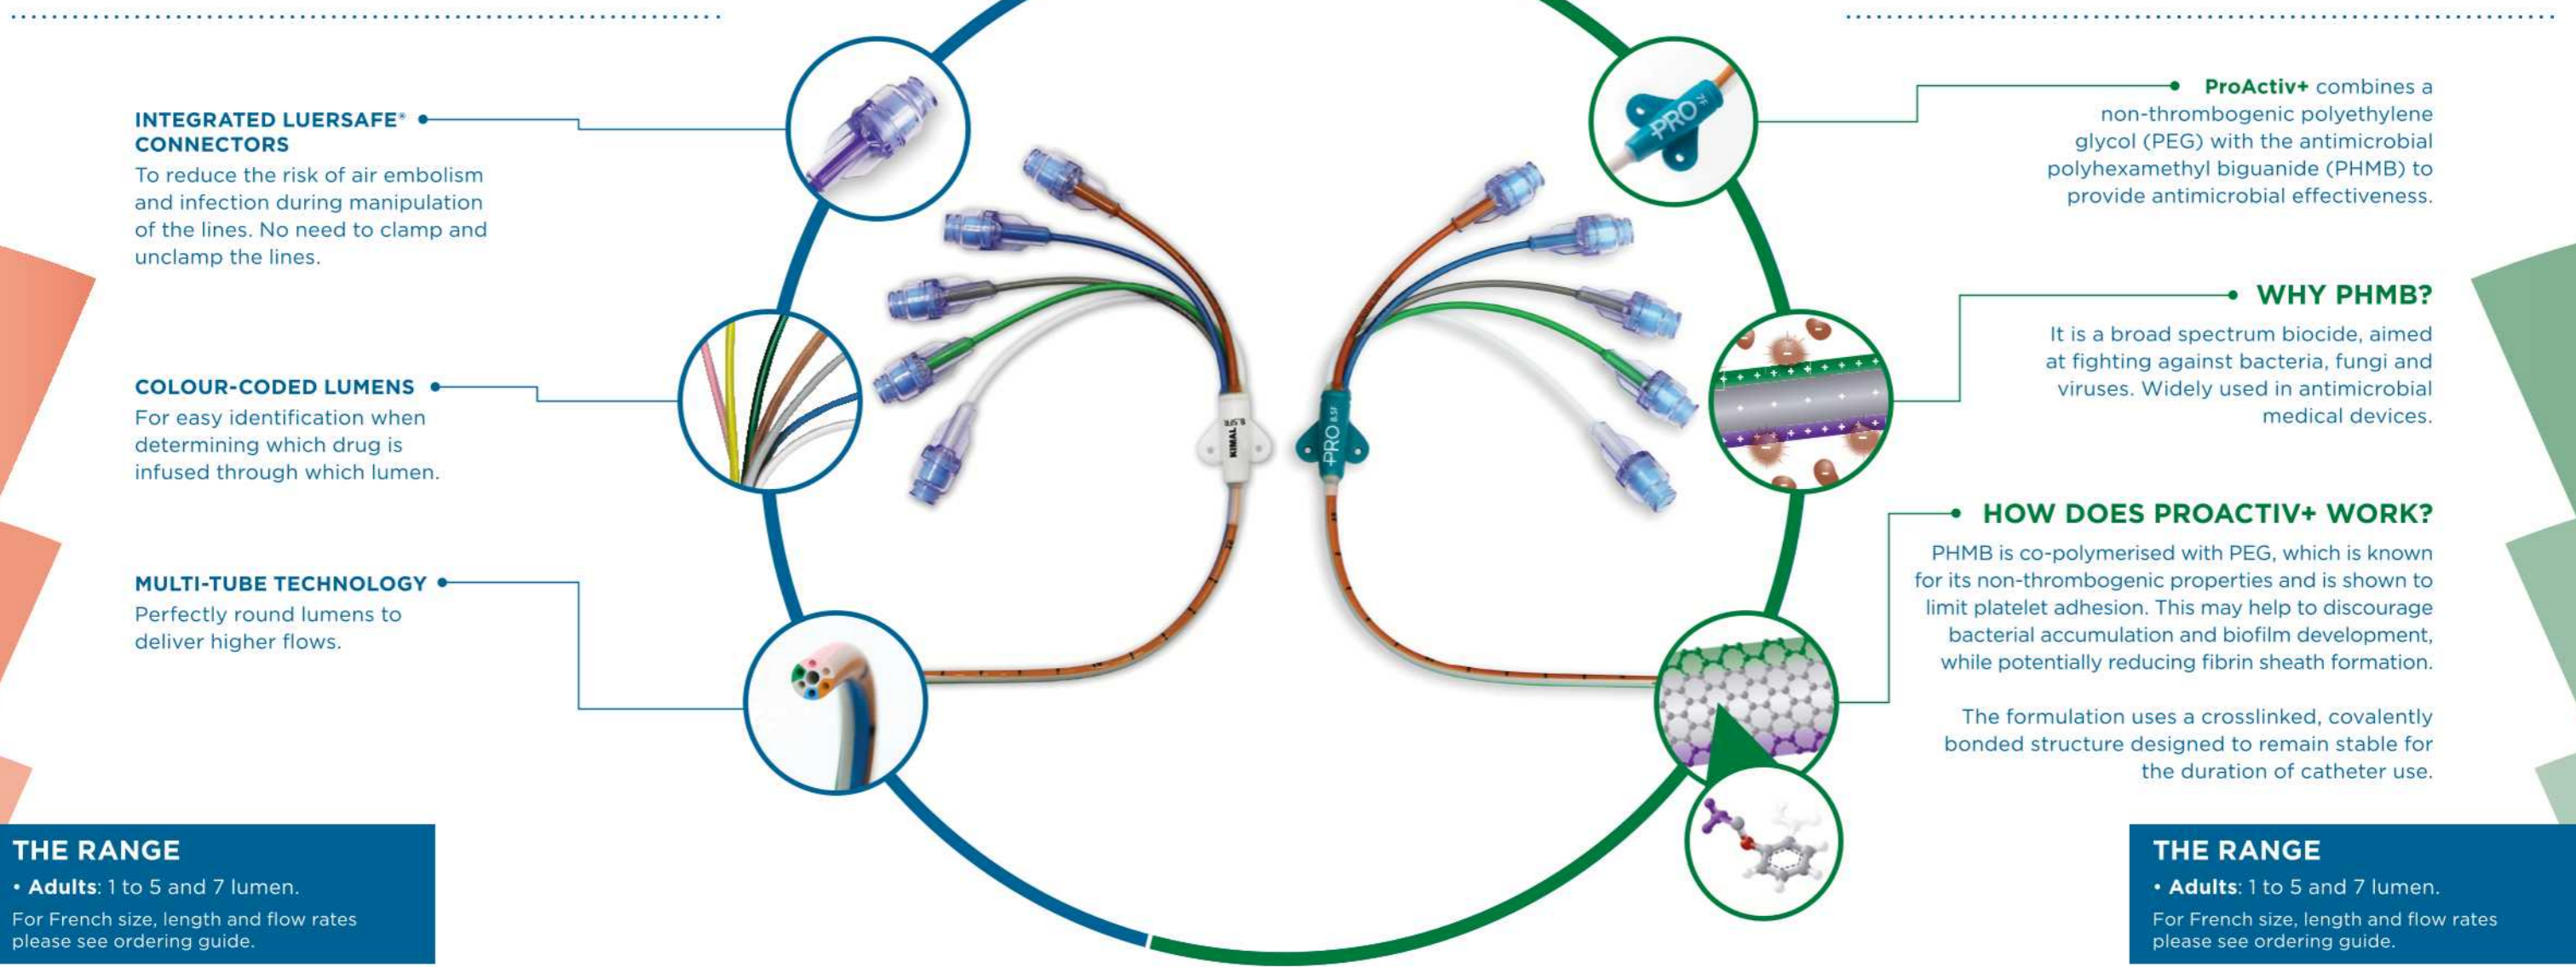

Altius® is designed based on the feedback received from healthcare professionals for 21st century healthcare.

Altius is manufactured utilising our proprietary Multi-Tube™ technology to achieve perfectly round lumens and laminar flow.

Altius ProActiv+™ is a chlorhexidine free, non-eluting, covalently bonded antimicrobial to **protect your patient for the duration of use.**

Unique covalent bonding ensures no systemic release into the patient's bloodstream and sustained antimicrobial activity.

INSERTION KIT

The insertion kit has been designed to reduce the risks during insertion.

Echogenic Needle:
Easy visualisation under ultrasound to prevent posterior wall puncture.

5ml Guidewire Introducer Luer Slip Syringe: Facilitates guidewire advancement.

Altius Guidewire Dispenser:
Ergonomic design to facilitate guidewire advancement even with wet gloves.

Kink-Resistant Nitinol Guidewire: To prevent guidewire kinking even in difficult anatomy.

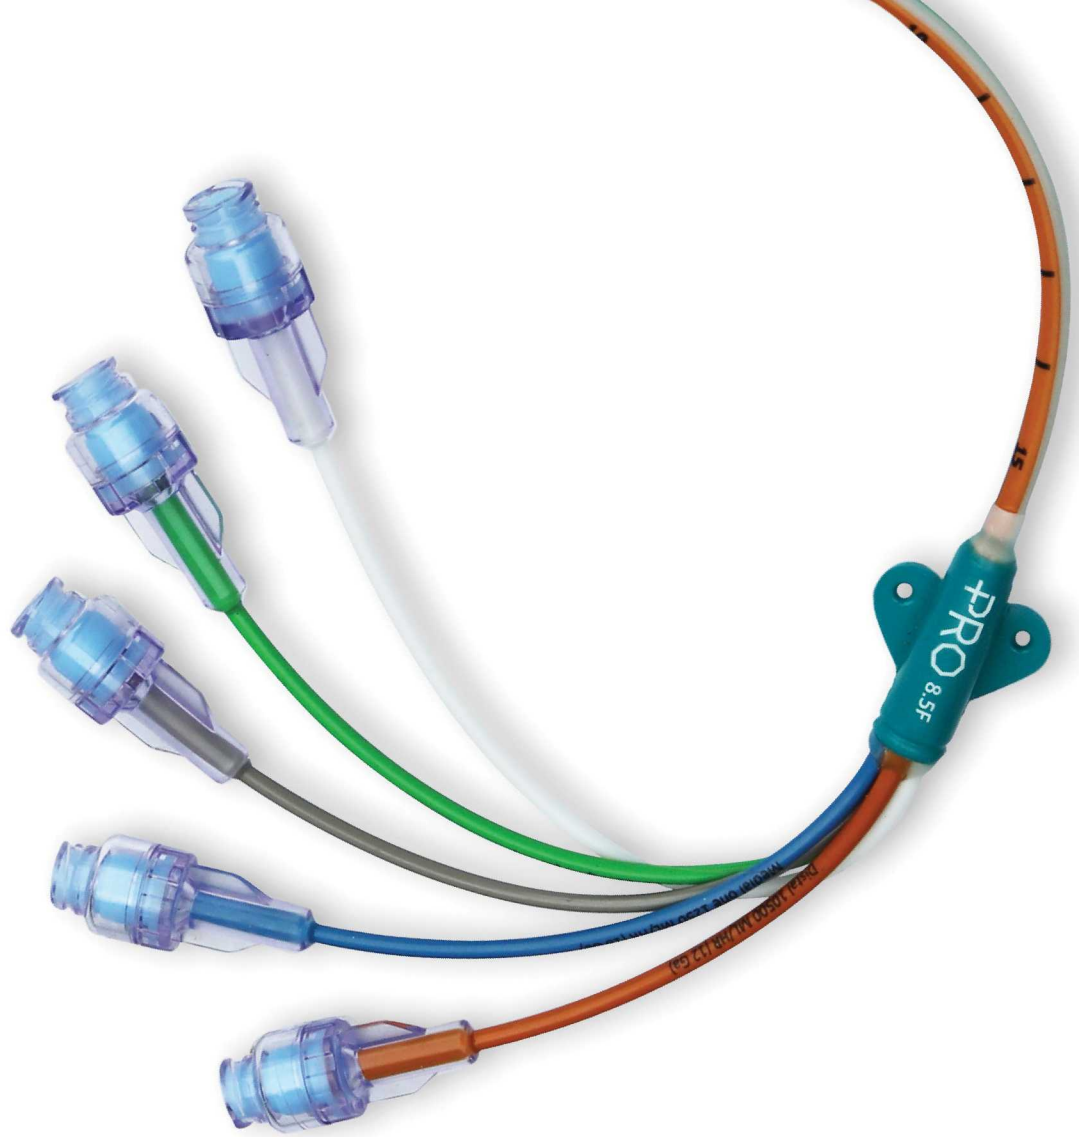

No. 11 Mini Scalpel:
To make a small incision prior to dilation.

Hydrophilic Dilator:
For smooth dilation to prevent vessel trauma.

Secondary Fixation Wing
